A Message from the desk of DG Jeff Smith;

Hi Lions of District 410E.

Congratulations to the Clubs that were awarded The Leadership Award and being in the top 20 of our Constitutional Area Eight. An amazing achievement to have so many Clubs in the Top 20. For the other Clubs who want to attempt to get to the Top 20, all you need to do is report those service projects on MyLion. Let's see if we can get some more Clubs into the top. Congratulations once again.

I have been following my Classmates from Group 28, my DGE Training in Chicago, and noticed that they were all getting gifts from our International President. My counterpart in 410 W, Pieter and I kept waiting, until last week, and then it arrived. I have always been fascinated with different tie designs and I have now received Dr. Choi's tie. Really worth the wait and I love it. Thank you International President Choi.

Now that the lockdown restrictions have dropped to Level one, I encourage the Clubs to try and get back to as close to normal as we used to have it. It was amazing to get back to a normal face to face meeting with my Club members a few weeks back, not having seen some of them for a while. Please also bear in mind that there are still rules in place that need to be adhered to.

There will be a Cabinet meeting on 31st October 2020 at Midrand Lions Club and thereafter some form of interaction between Clubs, Zones and Regions. Please keep the afternoon free unless you are involved in a project which you could probably share "live" with us in the District. So watch this space.

It was great to read the other day that Lions Clubs International Foundation approved more than \$5.1 million in COVID relief grants. Really makes me proud of being part of this great organization and this should encourage us to contribute to LCIF, whether through Campaign 100 or not. Our contributions go a long way. PDG Alistair, our DC for LCI, challenged the Clubs to each contribute \$250 for this year. This equates to around R4500 for the year. Let's see how many Clubs take this up albeit through difficult times at present.

Dr Choi said in a recent letter to us that the Kindness of one Lion can change a Life, but the kindness of all Lions can change the World.

When we serve, it is more than an act of kindness. It is Personal. Remember you are more than a Volunteer, you are an essential part of your community. As you Serve, continue to build relationships with your communities.

In Closing, let's remember that kindness is more than deeds, it is an Attitude, an Expression, a Look, or even a Touch. In fact it is anything that lifts another person."

Kindest Regards,

Jeff Smit:

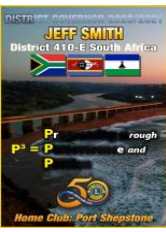

District Governor, 410E

(Left) LP Liane van der Merwe handed over a badge to Lion Shane Papé for 35 years of dedicated service to the Lions Club of Klerksdorp.

LIONS CLUB OF MIDRAND

A Welcome to our newest member of **the Lions Club of Midrand**
What a privilege for us to “virtually” induct **Melanie Browne** as a member into the “family” of the Lions Club of Midrand on 20th August. Thank you **PDG Pierre** for doing the induction and making it so special albeit it from a distance! We have no doubt that it is one induction that we will all remember when we one day look back at our history.
Once all this craziness has eased somewhat, at the GBM in September, PDG Pierre will hand over Lion Melanie’s Lions Pin and Certificate of Membership and we will properly celebrate her joining our family! Thank you to **PCC Cliff** as your sponsor. What more can we say, but welcome and here’s to a long and happy time with us. *(Photo below left)*

The Lions Club of Midrand made a donation of soup packs to one of our partners **Isinkwa** and the handover took place at the Ivory Park Community Centre.

Our donation made up 150 soup packets that each fed 4 people (total 600 people fed). It came just in time (on 12 July) when we experienced one of the coldest weeks of Winter.

The Ivory Park Community Centre looks after vulnerable children after school and provides them with a meal.

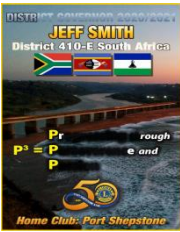

What a leveller - as we have so much to be grateful for *(Photos above right,)*

The LIONS CLUB OF WILRO PARK was invited to join our Neighbourhood Watch forum and the Security Companies in our area to a **WOMEN’S MONTH EVENT** for members of our community. The Event took place on Saturday afternoon the 29th August. It was a fun afternoon with teams dressing up to represent their sector but also with a serious message – various presenters addressed the ladies on Safety and Security issues we face when driving alone, parking our car, pulling into our driveways, self-defence and first aid as well as Gender Based Violence.

All lockdown guidelines were observed.

The **Lions Club of Wilro Park** hosted the Registration Table for the Event which gave us the opportunity to promote our Lions’ Service Projects and of course **Christmas Cakes** – naturally with big smiles behind our Lions’ masks!

THE LIONS CLUB OF MIDRAND

On receipt of the **Lions Brightsight Newsletter** dated 25 August 2020, and the appeal from them in regard to the initiative of **Adopt-A-Script**, the **Lions Club of Midrand** who have always been extremely active in regard to the Sight Portfolio, decided to pick up the baton and have sponsored 6 people who were unable to continue paying and therefore unable to get their spectacles.

There is nothing better than being able to give back and to play a role in giving someone the gift of sight. To give the gift of sight is priceless and there are no words to express what a difference a small gesture can make in someone's life – that is why we are Lions!

REST IN PEACE.
(FROM HELDERKRUIN LIONS CLUB.)

Claudia Clarke joined Lions about 13 years ago, becoming a member of the **Wilropark Lions Club**. Roughly 2 years later, she became one of the founding members and a Charter member of the **Helderkruin Lions Club**. From the inception of this new Club, Lion Claudia was voted in as **Treasurer**, a post she held with much success until her condition became so painful that she was bedridden and regretfully had to pass on the financial reins of the Club. She became a **Melvin Jones Fellow** on the 3rd June 2015. Lion Claudia was an outstanding Lion and absolutely loved being part of the Lion family right up until she passed away peacefully on 27th August 2020.

Lion Claudia achieved success, lived well, laughed often and loved much. She gained the respect of intelligent people, and the love of little children. She filled a niche and accomplished her task; She has left the world better than she found it, whether by a brighter flower, a perfect poem or a rescued soul.

She always saw the best in others and gave the best she had; her life was an inspiration, and her memory will be a benediction.

Rest in Peace, Claudia,
You were indeed a true Lion!

Lions Club helps out SA Guide-Dogs

CHANTE' HO HIP
chanteh@caxton.co.za

The Wild Lions Club of Johannesburg has put its best foot forward to support the furry animals on the frontline.

Club president Mark Meltzer took on the South African Guide-Dogs Association for the Blind's 101km Pedal for Paws virtual cycle challenge.

The cycle challenge ran from 24 August to 7 September.

Participants had the option of taking their bikes to the streets or using indoor stationary bikes to complete the distance and help raise fund and awareness for the association.

According to Meltzer, the members of the Wild Lions Club have been long-time supporters and donors to the guide-dogs association so taking on the challenge was a pleasure.

The club usually contribute towards the training of one guide dog every year. "Lions Clubs internationally are motivated to assist the blind with sight-related issues, such as river blindness," he said.

Meltzer also has a love for cycling which made the challenge all the more exciting. "I cycle most weekends throughout the year and it has managed to help me stay active during the lockdown."

Not only have their been no cycle races due to the restrictions of the lockdown but many of those that have occurred do not allow individuals over the age of 60 to participate.

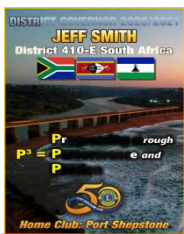

"The virtual cycle challenge gives me an opportunity to take up a goal to fundraise and complete an event."

He concluded, "My personal goal was to complete the 101kms and to raise funds for SA Guide-Dogs who assist people not always in the public space because of the issue of being blind."

East Coast Lions; Virtual Women's Day Fundraiser.

Our first online fundraiser was a huge success and well received by all the courageous, strong and vivacious women who attended. A total of 85 people attended the event and theme of the fundraiser was **Women Supporting Women.** Wesley Singh from Makeup by Wes showcased how easy it is to apply makeup with the correct tools using affordable makeup brands. This insightful interactive masterclass gave us all something to look forward to once we can glam up for a night out.

Tamara Dickson from Tamara's Kitchen inspired us to get in our kitchens and bake up a storm. She demonstrated how to bake a mouth-watering-chocolate ganache tart. **Dr. Lubna Nadvi represented The Advice Desk for the Abused** and gave us insight into the organisation and how they assist those in our community who experience gender based violence.

R11,500 was donated to The Advice Desk for the Abused. **Pictured above are Lions Prakash and Sherrel Harikishun and Immediate Past President Perry Chetty** who presented a cheque to Dr. Lubna Nadvi and her colleague from The Advice Desk for the Abused.
